**Re: October 27, 2005 meeting
Agenda Item #11 – SUPPORT**

Dear Chairman Bosco and Commissioners:

I am very pleased to support the Conservancy's MOU with the California Department of Parks and Recreation and the California Conservation Corps, and authorization of up to \$1 million, to move the California Coastal Trail project forward. I am proud to have authored the resolution several years ago that added the official state designation of the "California Coastal Trail."

The ultimate goal of acquiring the outstanding properties that are still needed to complete this Trail is of great importance. It will be a wonderful addition to the recreational opportunities for both residents and visitors to our state to enjoy the spectacular marriage between the beauty of our coastal mountain ranges against the backdrop of the Pacific Ocean.

Thank you for what I hope will be your positive action on this funding authorization. I very much look forward to the day when we will be celebrating the final connection.

Sincerely,

FRAN PAVLEY,
Assemblymember, 41st District

August 8, 2005

Steve Horn
Deputy Executive Officer
California State Coastal Conservancy
1330 Broadway, 11th Floor
Oakland, CA 94612-2530

Dear Steve,

I would like to offer my full support for the united effort between the California Conservation Corps, the Coastal Conservancy, and the Department of Parks and Recreation to improve, maintain and, ultimately, complete the California Coastal Trail. The Coastal Trail will provide high-quality public access to California's diverse coastal lands and help manage the impact of millions of visitors on fragile, natural habitats.

The Coastal Trail project fits right into the CCC's mission of engaging young men and women in public service and protecting and enhancing California's environment, human resources and communities. As you know, the CCC has over 25 years of experience building trails and maintaining recreational areas throughout the state for the US Forest Service, the National Park Service, the Bureau of Land Management, the Department of Parks & Recreation and numerous local governments and non-profit organizations.

You have my complete support for the California Coastal Trail and I look forward to working closely with the Coastal Conservancy and the Department of Parks & Recreation on this important effort.

Sincerely,

William W. Semmes
Director

cc: Ruth Coleman, Director, Department of Parks & Recreation
The Honorable Wesley Chesbro, Senator, District 2

Oakland, CA 94612

Dear Board Members:

Re: Support for Coastal Trail Memorandum of Agreement (MOA)

I strongly support the continued development of California's Coastal Trail with the participation of California State Parks and the California Conservation Corps.

The development of additional segments of the Coastal Trail within units of the State Park System will further the Department's mission to produce high quality outdoor recreation. This multi-agency approach will ensure effective completion of significant segments of the Coastal Trail. Combining efforts will leverage our individual resources resulting in increased recreational opportunities.

We look forward to this cooperative arrangement and its future potential for additional coastal access.

Steve Musillami, Statewide Trails Manager of the Planning Division is our lead staff person and may be contacted at (916) 653-6501 or smusi@parks.ca.gov.

Sincerely,

Ruth Coleman
Director
